

# ROUNDING UP ALIENS AT BORDER

---

Fifteen Austrians left the city yesterday for Brandon where they will be interned. The majority of them had been brought from Emerson where they had been handed over to the military authorities by the United States officials, who had arrested them as undesirables.

A general rounding up of aliens is being carried out by the officials south of the border, and many Austrians from Canada have been arrested at Grafton, Grand Forks, Langdon, Hannah, Nèche, Bottineau, Bathgate, Cavalier, St. John and Walhalla in North Dakota; and at Thief River Falls, Crookston, Hallock, Warroad and St. Vincent in Minnesota. This should serve as a warning to aliens resident in Canada that it is more desirable for them to seek employment here than to swell the army of unemployed in the States.
