

Three Aliens Arrested.—The provincial police effected the arrest of three aliens yesterday at Hadashville, a point in the northern part of the province near Lake Manitoba. Two of these men had firearms in their possession, contrary to the militia regulations, and a third was using the registration card of a friend, passing himself off as the man whose name it bore. The trio were brought to Winnipeg and turned over to the military intelligence department. They will likely be sent to the internment camp at Brandon.
