

OPPOSE ALIEN AS CITIZEN

Stefanik and Davidson Protest Granting Naturalization Papers to German

Claiming that Capt. Frank Szablowski, of the 250th Battalion, is a subject of the German emperor, and that he should not be permitted to become a British subject at the present time, former Alderman Theo. Stefanik is protesting today to Judge Myers against the granting of the naturalization papers. The application for naturalization was before Judge Myers Saturday.

Capt. Davidson, registrar of alien enemies, is also protesting against the granting of the naturalization. The argument will be heard in court Tuesday. F. M. Shinbane will appear for ex-Alderman Stefanik.

Szablowski is an active political worker, and was sometime ago appointed inspector of homesteads for the prairie provinces. His name was mentioned before the Paterson commission in connection with road expenditures in Emerson constituency.
