

# MAY INTERN ALIEN FOES

---

OTTAWA, March 30—It is rumored that the Dominion government is likely to at once commence interning all unemployed alien enemies in Winnipeg and other western cities. This action is being taken on account of representations made that the number of unemployed is making difficult the maintenance of law and order in some of the larger urban centres in the west. That no internment proceedings will be taken against aliens assisting in seeding operations seems to be the prevailing opinion here.
