

# EXPERIMENTAL FARM TO BE LOCATED IN O'BRIEN TOWNSHIP

---

On Kapuskasing River Mid-  
way Between Hearst and  
Cochrane.

---

WORK WILL START  
IMMEDIATELY

---

Premier Hearst Believes That  
Much Will be Ready  
in Spring.

---

(C. P. Special to Gault Daily Star.)  
Toronto, Dec. 16.—The experimental  
farm which the Dominion Govern-  
ment has decided to establish on  
lands tributary to the transcontinental  
railway will be located on the Kapus-  
kasing River in O'Brien Township,  
midway between Hearst and Cochrane.  
Premier Hearst announced this morn-  
ing work would be commenced imme-  
diately clearing land. The farm is  
about one thousand acres, and is  
heavily timbered. The German and  
Austrian prisoners of the war held at  
Kingston are now being transferred  
to the farm, and while at work clear-  
ing the trees and removing the stumps  
will live in the boarding cars until  
tents can be pitched. The Premier  
believes that much land will be ready  
for breaking by spring-time.
