

FOE WORKS FOR CANADA.

Hundreds of Acres of Land in the North Have Been Cleared.

Special to The Star.

Ottawa, Ont., Aug. 4.—Hundreds of acres of land which will form part of the experimental farms in Northern Ontario and Quebec, have already been cleared by 100 of the Austrian and Germans interned at Spirit Lake, Que. and Capuskausing, Ont. There have been no serious disturbances at the camp and very few of the prisoners have shown any disposition to escape. They are well fed and receive an allowance of 25 cents per day for the purchase of tobacco, etc. Over six thousand of the alien enemy are now interned in all camps throughout Canada.
