

LOCATE PROFESSOR INTERINED AS ALIEN

Language School Head Falls Foul of Police.

MONTREAL, Aug. 14.—Pupils of the Berlitz Method of teaching languages here have been wondering what has become of their professor, Jean Bernhard, for the past day or two. They now know that he has been interned at the end of last week in a camp in Northern Ontario for the duration of the war.

This was done at the instance of Captain Carter, registrar of alien enemies, who states that the professors real name is Johannes Behrendt and that he was registered in the latter name two years ago as a German.

Behrendt was also a German reservist and a military engineer.
