

KAPUSKASING 'BOARD' MEETS

New Commission Receives G.A.C. Deputation—Soldier Cases.

The commission appointed by the Ontario Government to inquire into conditions at **Kapuskasing** held a preliminary session in Queen's Park to-day. All the members were present, W. F. Nickle and Col. J. R. McLaren and Prof. Sharp. A deputation from the Grand Army of Canada waited on the commission, and presented the cases of several soldiers who desired improved conditions at **Kapuskasing**. The commission was still in session at two o'clock this afternoon.

The commission will hold its first regular sessions on Monday and Tuesday of next week and will probably leave for North Ontario on Tuesday night.

The commission will take evidence in the north, and complete its report.

The power of the commission, Premier Drury stated to-day, extends only to investigating conditions at **Kapuskasing** and to making recommendations to the Government. "There was bound to be objection taken to the report which Col. Carmichael submitted on **Kapuskasing**," said the Premier. "So we have decided to obtain a report to which no objection can be taken. The commission will have power to make recommendations in the case of every individual soldier, if it chooses."
