

COLLECTED \$1,626 IN POLL TAX SO FAR

An interesting report placed before the city council last night was that showing the amount that has been collected on poll taxes this year, and it is not all in yet. All the city fathers were satisfied they had hit on the right man to collect the poll tax when they appointed Mr. William Walker, who has made a record in that connection by collecting \$1,626, mostly from Aliens in the west end of the city.
