

ANOTHER AUSTRIAN RESERVIST

The immigration officers effected another capture last (Thursday) night of an Austrian reservist. This gentleman came from over the river and was taken off the G.T.R. train as he came through Niagara Falls. When searched a military pass endorsed with two dates on which he was ordered to mobilize, being August 5th and October 15th, was found. This led to the discovery that he had served three years 1909 to 1912, in the 75th Imperial Royal Infantry. Being a reservist of the enemy he was dispatched to the armoury as a prisoner of war.
