

Pro-German Press Still Using Mails

Postmen in Montreal Deliver "Fatherland" and Other Publications

By Canadian Press.

Montreal, Jan. 13.—Despite the order-in-council of November 6 issued by the Dominion Government refusing the privilege of the mails to anti-British periodicals such literature is still being delivered by postmen. Recently the pamphlet entitled "England's perfidy exposed by Americans," the New York publication called "The Fatherland" and other pro-German literature, was distributed here.
