

CHIEF CARPENTER LEAVES.

Mr. Silas Carpenter, ex-chief of the Montreal detective service, who has for some time been on duty here as registrar of enemy aliens, completed his duties yesterday, and left for the west by the afternoon train. It is understood he will resume his former service with the Dominion Government, his place here being taken over by Mr. Ogden. The work in future will be light, as most of the aliens have been registered. There are now about seventy enemy aliens at the detention prison on St. Antoine street, and these will be sent up to Spirit Lake some time next week.
