

Montreal Woman Held as an Enemy

Accused of Assisting Alien Enemies to Get Work in Munition Plants

Montreal, March 15.—On a charge of assisting alien enemies to secure employment in local munitions factories, Mrs. Abraham Slabotsky, who the military officials claim is an Austrian, has been placed under arrest.

The specific charge against Mrs. Slabotsky is that she assisted "Mike" Marishan, an Austrian, to secure the passport of one Povoloy Stranusky, a Russian. Marishan is alleged to have presented the passport to the manager of one of the big munition establishments in the city.

Mrs. Slabotsky was brought before Judge St. Cyr charged with aiding and abetting enemies of the British Empire. She entered a plea of not guilty. The judge refused bail on the ground that the charge was too serious, although it is said that \$5,000 was offered.
