

PAROLED ALIENS MOBBED.

MONTREAL, May 3.—As a sequel to the May Day demonstrations on the Camp De Mars and in a public meeting held at night, when certain indiscreet aliens evinced too much sympathy with the lands they had turned their backs upon in bygone years, nine of them have been arrested by Capt. J. N. Carter, registrar of enemy aliens, and are being interned.

Some of these men were taken on Thursday evening and were promptly sent off by train under escort to camp Kapuskasing in Northern Ontario.

These men are all Austrians who have enjoyed liberty on parole during the war. Having abused that provisional liberty their licenses have been rescinded.
