

General Sir William Otter, who has charge of interning the alien enemies in Canada, has arranged for employing during the winter months the majority of them in clearing land for agricultural purposes. Those in Quebec will shortly be removed to the Abitibi district, while in Ontario they will be put into the Algonquin Park and at the Petawawa training grounds. It is stated that the men are willing to accept any kind of work during the winter, with employment conditions stringent as they are in Canada at present.
