

ALIEN ENEMIES SENT TO PETAWAWA CAMP

One hundred German and Austrian aliens from Montreal, were sent today to Petawawa Military camp and one hundred more from Kingston. Eventually 800 will be located there and they will be employed in building roads and doing other useful work.

A number of these aliens in the province of Quebec will be set to work clearing land along the N.T.R. near Parent, 250 miles west of Quebec and it is expected that arrangements will be made by the Ontario authorities to have aliens in Ontario sent to work along the N.T.R. west of Cochrane.
