## Aliens Will Be Investigated.

Residents in Halifax of alien nationality who were taken into custody and ~~interned~~ immediately after the explosion of Dec. 6, will have their cases investigated. An official of the Department of Justice has arrived in the city from Ottawa, and will supervise the inquiry on these persons who are of alien birth.

Lieut.-Governor Grant has received a message from Governor Willcocks, Bermuda, stating that the Bermuda Legislature has voted \$2,500 for Halifax relief and that private subscription there will total \$6,000.
