

EVERY ALIEN IS CALLED

All in Fernie District Must Register
or Be Interned.

(Western Associated Press)

FERNIE, B. C., June 15.—Resultant upon complications arising here last week when a brief cessation of work at the mines occurred owing to the employment of Austrians and Germans, and when provincial military authorities enforced the internment of all un-naturalized alien enemies, it developed yesterday immediately following the arrival of Cpl. McPherson, the emissary dispatched from Ottawa, by Major General Otter, that notices were posted through the city ordering all Austrians and Germans regardless of whether naturalized or not to forthwith report to the chief of the provincial police. The penalty for failing to report was immediate internment. Over 200 internees already are in custody here in accordance with the first order issued last Thursday.
