

# To Have Winter Internment Camp at Morrissey, B.C.

---

Fernie, July 28.—(Special to the Herald). — Lieut. R. T. Colquhoun, with Corp. P. D. Callahan and Ptes. Perry and Chapman, of the army service corps, arrived in town last night from Vancouver, and the latter three will be attached to "A" company here and will have supervision of the commissary supplies for the detention camp.

A. H. Trites took Col. MacKay and Lieut. Colquhoun to Morrissey this afternoon in his auto to look over the location for winter quarters for the internees.

A meeting of the patriotic society was held last evening to make final drafts of committees to take charge of the garden party being given at the home of Mr. Trites on the fourth of August. The spacious grounds are being divided as to location of booths for the big day. The ladies of the I. O. O. F. and the Red Cross society are taking hold of the affair and a big success is assured.
