

THOUSAND ALIENS TO BE RELEASED

**Interned Men Will Be Used in Mines
of Alberta, British Columbia
and N.S.**

Ottawa, May 29—Owing to the requirements of coal mining and pulp companies in Nova Scotia, Alberta and British Columbia, it has been decided to release approximately one thousand interned aliens. These are men who were interned at the opening of the war here more on account of their inability to make a living than because of any hostile intentions on their part. Instead of continuing to be an expense to the community they will contribute henceforth to its industrial welfare. *
