reasonable policy that can be worked out with great advantage to all classes

The immediate occasion for Mr. Scott's statement was an article which appeared in The Globe recently directing the attention of the Department to the murder of a Croatian on the day of his arrival in Toronto from his native land, the mur-derer being also a Croat or Serb. 5 It was urged that no commissions should be paid on immigrants booked from countries other than those of A statement by Hon. Frank northern Europe. Oliver in the Commons on January 15 shows that Austria-Hungary, from which these most undesirable citizens came, is one of the countries re-specting which provision is made for the granting. Mr. Scott now supplements this statement with the very satisfactory assurance that Slavs coming to this country are coming without any Governmental inducements whatever, direct or indirect. Mr. Scott states that booking agents have been selected in countries :--- Norway, Denonly the following mark, Holland, Belgium, France, and Finland. The overflow from northern Europe and from our kindred of the United States will fill up our vacant lands in good time.
