

## **DEPORT EVERY ARMED FOREIGNER.**

---

Every Italian or other foreigner caught carrying a concealed weapon should be sent out of Canada.

The monotonous regularity of the murders and stabbing affrays in town amongst the foreign element shows the need of drastic measures. Under the new act passed at the present session of Parliament provision is made for deportation of foreigners who carry weapons and there is a public demand that this law be strictly enforced.

The Liquor License Act should also be amended to wipe out the present state of things under which kegs of beer are sold direct from the brewery. The situation as it exists is an offence to the community.
