

LABOR SITUATION IN MONTREAL ACUTE

(C. P. Special to Sault Daily Star.)

Montreal, May 11.—Detectives this morning were guarding Mayor Martin's house as the result of the labor situation, which has become acute. The foreign element has been heard to mutter threats against civic officials, especially the Mayor, who two weeks ago promised work for all. Rumors are afloat that the unemployed intend to gather in great numbers this afternoon and storm the city hall.
