

# UKRAINIANS MAY BE CALLED FOR SERVICE

Nearly Thousand in Ottawa  
Whom War Would  
Affect.

Inquiries among the Ukrainian element of the city's population regarding the imminent outbreak of hostilities between Austria-Hungary and Serbia and the liability of the Ukrainians, who hail chiefly from the provinces of northern Austria, in this country, being recalled to service with the colors in case of war, elicited the information that there were nearly a thousand men in the Capital who are eligible for service.

The nearest Austrian consul is in Montreal, and so far no intimation has been received from him by local Austrians regarding the possibility of war between the two countries, or their responsibilities in the matter. All able bodied Austrian subjects, between the ages of 21 and 40, are liable to be called upon for service, should their country need them. "It looks as if we will all get our passages back home," said one of the men's leaders this morning, "but up to now we have not been called upon."
