

# ATTACK GERMAN CONSUL

## Vancouver Mob Tear Down the Double Eagle.

VANCOUVER, B. C. — A big double-headed eagle was torn down above the door of the German consulate offices here today by a mob from its support by a crowd of men which invaded the block and made for the consulate department with threats of destruction. Having thrown down the insignia of arms and trampling upon it the party left peacefully after breaking a little glass and defacing the signs on the consulate doors.
