

Petawawa military camp may yet have a place in Canada's part of the war drama. It is said to be likely that German or Austrian reservists in this country who fail to go before a judge, police magistrate or justice of the peace and state under oath what their actions will be while the war is in progress will be arrested and confined in a compound under guard, similar to the way prisoners in South Africa were confined. If such prisoners are taken the military camp will be used as one of these compounds.
