

## **LOCAL AUSTRIAN SPOKESMAN IS UNDER ARREST.**

Fred Harmon, an Austrian agitator, who was out on parole, became intoxicated and created a disturbance, and so has been placed in the guard house. Harmon came from Fort William about six months ago. His reputation at Fort William was not good, it is said, and he was admitted to be the spokesman for the local Austrians. He speaks English fluently. It was thought by the civic authorities and the officers of the 61st Rifles that he would be better in confinement, so he has been placed under guard for an indefinite period.
