

Wart German Dismissed.

London, Ont., Nov. 2.—A motion was submitted at tonight's meeting of the city council calling upon the Public Utilities commission to discharge outright H. J. Glaubitz, general manager of the system, "in view of the present relations between Germany and Great Britain."

Mr. Glaubitz is a native of Germany, and has been in the country but a few years. He was brought here at the instigation of Sir Adam Beck, and his salary is \$6,000 a year.

The motion was laid over after a spirited discussion, Mayor Graham speaking strongly against it.
