

## **MACEDONIANS ONLY TURKS TO FIGHT FOR GERMANY**

### **100,000 Christians in Turkish Army Would be Ready to Join the Allies**

---

Toronto, Nov 4—The entrance of Turkey in the great European war will prove a source of delight to the Albanians, Macedonians, Armenians and Greeks in the city, because they all realize that will mean the ultimate crushing of that nation in Europe," said Mr. L. Babayan this morning. There are about 100,000 Christians in the Turkish army, but they will not be of much good, because they would be ready to go over to the side of any of the Allies the first opportunity. The only Turks that would be ready to fight in the interests of Germany would be the Macedonians.

In view of the fact that the Turks in Toronto belong to the Armenian and Albanian class they will not feel called upon to make any effort to leave this country. Of the Macedonian Turks there are only two or three in this city and very few in Canada. There is no Turkish Consul in Canada.
