

ALIENS ARE NOT REPORTING HERE

So far nothing has been heard from Ottawa regarding the appointment of an official here before whom all un-naturalized Germans and Austrians must report. Throughout Saskatchewan and Alberta these aliens must register with the R.N.W.M.P. and the checking up is now being done.

At Fort Osborne barracks there are 69 German and Austrian prisoners of war. They are having the time of their lives with nothing to do and plenty of good food which is being supplied from the barracks. It is of far better quality than the majority of these prisoners have ever seen before.
