

# ANOTHER TREASON CHARGE PROBABLE

Ottawa, Nov. 16.—A military guardman, said to be a Canadian citizen, has been arrested at Chippewa upon the serious charge of assisting German reservists across the border. It is said that the prisoner was receiving a rake-off from every man whom he succeeded in getting past the immigration authorities. This is the second charge of this kind laid since the war commenced, a man named Shafer now being held for trial at Montreal for assisting Germans and Austrians to get away. The charge is treason and the punishment is death.
