

War Delays Claims

Lethbridge, Alta., Nov. 18—The fact of his being an alien enemy has delayed probably until the end of the war, the action of Procap Popovitch, of Czernowitz, Galicia, against the Lethbridge collieries, for \$20,000 for the death of his brother Simon in May, 1913, while preparing a shot. The action was set down for the present sittings of the supreme court.
