

ALIENS MUST REGISTER

About 30,000 Are Living in Neighborhood of Winnipeg.

(Western Associated Press)

WINNIPEG, Dec. 2.—Aliens of "enemy nationality" are the people now residing in the city of Winnipeg, who will be expected at the alien registration office Thursday or as soon after that day as possible to declare themselves on the attitude of their native land.

Col. Lindsay bases his estimate of the number of aliens who are at present in Winnipeg within a radius of 20 miles on 20,000, taking his figures from the report made by the assessment commissioner a few months ago.

The declaration that the aliens are requested to sign is a promise to carefully observe the laws of Great Britain and Canada, and in no way give out any information as to military movements preparing of troops or other military operations.
