

LOCAL REGISTRATION OF ALIEN ENEMIES

The registration of alien enemies in the Edmonton district will probably commence on Monday. Inspector Jennings, R.N.W.M.P., who has been detached from the force to conduct the registration, is now in possession of the materials and instructions necessary for the work. He is at present selecting quarters in which to conduct the registration and as soon as premises are fitted up his work will commence.

Superintendent Primrose of the headquarters staff of the mounted police has arrived in Edmonton with the papers from the militia department for the registration. These have been turned over to Inspector Jennings.

Superintendent Primrose stated this morning that it was impossible to say how long it would take to complete the registration. It is understood that several hundred people living some distance from Edmonton will be required to appear before Inspector Jennings and report. To reach and notify these people will entail considerable labor and occupy some time.
