

Notices Call for Alien Registration

Crowds of Foreigners Gathered Around These To-day

Two thousand notices, 1,000 in German, and 1,000 in English, have been posted to-day and yesterday, notifying all Germans, Austrians and Turks to report at once at the office of the Registrar of Alien Enemies. Small crowds gathered round them this morning. The same notice has been put also in all the post offices within a radius of twenty miles of Toronto.
