

ONLY 1,133 SIGN ALIEN REGISTER

Something is about to be done to compel Germans and Austrians to register, for they are taking little notice of recent orders given regarding them. When the registration office at 112

Colony street closed at noon today, only 1,133 had applied to have their names enrolled on the list of aliens. The office is open evenings between 7 and 9 o'clock, except on Saturdays and Sundays. Lieut. Col. Lindsay is in charge.
