## So-Called Bulgarian Engineer Arrested For False Pretenses

(Western Associated Press)

SASKATOON, Dec. 21. — Arthur Steiner, who calls himself a Bulgarian engineer, representative of German capital and land buyer, was arrested here by the Mounted police yesterday and today is being sent to Regina to stand his trial on a charge of obtaining \$50 by false pretences from the Scwatchfield departmental store of that city.

It is understood that half a dozen charges will be laid against him. He has been in the country for some weeks, purporting to be the agent for large German buyers of land, all of which give rise to wild rumors that there were Germans in the country trying to buy land for bases in Canada. A number of cheques with rubber stamp signatures of Regina firms were found on him.
