

# OVER 1,000 ALIEN ENEMIES REGISTER

## Austrian Who Attempted to Cross Border Into United States Is Sentenced

Stanilaus Gerla, an Austrian, who had registered with Inspector Jennings on December 16th, on December 28th attempted to pass into the United States at Coutts, and was, in consequence, interned at Lethbridge for the balance of the war. At the time of making registration the man was only given a parole card, not having declaimed his intention of leaving the country. This should be a warning to others of similar nationality that they cannot be allowed to leave Canada except under special dispensation, and that the parole card issued by the registrar are only for use in the Dominion.

One German who refused to subscribe to the oath of neutrality, was yesterday ordered interned at Lethbridge by Inspector Jennings.

Up to date 225 Germans, three Turks and 791 Austrians, making a total of 1,019 aliens, have registered here.

The registrar states that he is desirous of being as lenient as possible under his instructions, but there are apparently a number who have not yet complied with the demands of the government, and these must stand the consequences if they have not registered at the time the office here is closed.
