## *Question Troubling Authorities Must find Answer in Ottawa*

---

A question had arisen in the office of the Registrar of Alien Enemies which will have to be decided in Ottawa. It is this: When a man is interned, who shall take his trunk to Stanley Barracks? The prisoner cannot—he is interned. He cannot hire a carter to do it—he has no money. The Commandant cannot be expected to send down a corps of soldiers to get an alien's bundle. Possibly the alien might be allowed to take a barrow and bring his own bundle under armed escort—but the matter will be decided in Ottawa.
