

Ullrich Declared An Alien Enemy

***He Must Report Twice Monthly
at Registrar's Office in
Toronto***

Richard Ullrich of Mount Dennis will have to report twice monthly at the office of the Registrar of Alien Enemies. Captain Wandless told him so this morning. He is not an American citizen, having been away from that country more than five years.

Ullrich was arrested in Mount Dennis last week on complaint of Mr. John Baylies, J.P., who had been induced to believe that Ullrich had been making disloyal speeches. After a spectacular arrest, Ullrich was lodged in Stanley Barracks whence he was released only after difficulty, through the efforts of the American Consul, who represented that Ullrich was an American citizen. To-day Ullrich came to the office of the Registrar and was forced to register and report as an alien enemy.
