### Fourteen More Aliens Picked Out of the Contingent.

Halifax, Feb. 15.—Fourteen "alien suspects" from the first Canadian contingent at Salisbury Plain were marched off the C.P.R. liner *Mis-sanabie*, which docked here from Liverpool yesterday, and imprisoned in the ~~citadel~~. Each man was handcuffed to a soldier. Some of them are of German or Austrian birth, but there are others of various nationalities suspected of disloyal tendencies.
