

Our Alien Enemies.

Canada's alien enemies are now interned at Halifax, Montreal, Peta-wawa, Kingston, Toronto, Brandon, Vernon and Nanaimo.

Camps will also be established at Amherst and Port Arthur, principally for several hundred prisoners of war being sent to Canada from Jamaica. The total number of the interned is 3,752. The provinces of Ontario and Quebec have given a tract of about a thousand acres of the Dominion Department of Agriculture, upon which model farms are to be established. At Spirit Lake several hundred of the interned are at work clearing these lands. It is announced that after the war many of these men will locate in the neighborhood under the homestead laws of Ontario and Quebec respectively.
