

AUSTRIANS AT LACHUTE

Alien Enemies Permitted to Work on Railway

(Special to The Gazette.)

Lachute, Que., May 3.—Eight Austrians, previously registered as alien enemies in Montreal, were registered here today before Mayor Calder. They have been given permits to engage in construction work on the Canadian Northern at St. Andrew's East, seven miles from Lachute. They must report every month to Mayor Calder, who in turn will report to Lieut.-Col. Sherwood at Ottawa. In the event of their failure to report, they will be interned in one of the camps for alien enemies.

A patriotic rally here tomorrow night will be addressed by Capt. the Rev. A. P. Shatford and A. R. McMaster, K.C.
