

ANOTHER ALIEN DETAINED

Dr. Lachmann, German officer, social lion and clubman, is under arrest, being detained by the military authorities.

Lachmann, who came to Merritton some time ago, to take a position as superintendent of the Lincoln Paper Mills, when brought before Lieut.-Col. Campbell on Monday admitted that he was a German citizen and a lieutenant in the German army.

Since he took up his residence in St. Catharines the doctor has moved in the best circles and was given all the privileges at the St. Catharines club.

He took his arrest coolly. The military authorities decline to say what the particular accusation is.—St. Catharines Standard.
