

~~8,000 GERMANS ARE~~ AT LARGE IN CANADA.

Ottawa, May 18.—The government will be closer surveillance of all Germans in Canada with regard to whom there is the least ground for suspicion. This is one result of the sinking of the Lusitania and the strong feeling that has been aroused. Yesterday there were 181 Germans interned at Vancouver and other places on the coast. Of the 45,000 alien enemies now on parole in Canada, 8,000 are Germans. In addition there are some 700 Germans interned. Other alien enemies interned number 2,100.
