

REGULAR MEALS SOOTHE ALIENS

BRANDON—without disorder or resistance of any kind, 178 Austrians, practically the entire remainder of the huge band which tracked from Winnipeg to Emerson last week, were safely interned here yesterday by Major McLeod and 25 men of the 44th Infantry battalion. After the arrival of the special train of five coaches which took Major McLeod and his troop down to Emerson, and brought the Austrians back, part of the 45th Battalion acted as escort through the city streets, and in this way not one man was able to escape. None apparently wished to escape, for when at Emerson they were told by an interpreter that at the end of the journey they would be fed regularly, they became docile enough and did as they were told.
