

1,500 Aliens Were Interned In Past Month

Ottawa, June 15.—Since the sinking the Lusitania, 1,500 Germans and Austrians have been interned in different parts of the country. The total number interned is now about 5,000. In addition General Otter is looking after and supporting 7,000 or 8,000 dependents of the interned aliens, their families left in the various centres. With the arrival of the warm weather there have been numerous attempts to escape, but only five have got clear away. At Spirit Lake and Kapuskasing stump-ping machines are at work and farm implements are being taken up to make a start on experimental farms. In the park at Banff interned aliens are being employed now clearing up dead wood and making roads, while others are engaged building a road in British Columbia between the Okanogan Valley and the Arrow Lakes.
