

Oust Germans From Canadian Civil Service

Ottawa, June 15.—Alleging that several Germans are in the Government service at Ottawa, the *Civillian*, the organ of the Civil Service, wants to know what is to be done about it. A writer in that publication asks what chance a Britisher would have of holding a Civil Service job in Germany. He also asserts that a couple of Swedes in the Service are not slow in expressing pro-German sentiments.

The Germans in the Service are not numerous, and so far as can be learned, they are naturalized. The Government has now taken steps to get rid of them.
