

Foreign Freaks Must Stay Away

Immigration Department Issues Orders to Border Officials

No freaks will be allowed to enter Canada in the future. The "cigarette fiend" and all like him who offend the eye and reduce the supply of nickels must stay out.

Mr. Wm. Banks, sen., the official censor, took action first, the Department of Immigration took action second, and the Customs inspectors at border points must take action third: they must stop any foreign monstrosity from crossing the line either for exhibition or other purposes.

Many indecent or immoral shows refused permission to appear in Toronto are shown in other cities of Ontario, says Mr. Banks. He is discussing with Ottawa the advisability of stopping them at the border.
