

Foes of Allies In Winnipeg Number Over 14 Thousand

Alien enemies to the number of 14,443 have registered at 112 Colony street to date. Today another was interned and yesterday there were two.

Things are now rushing at the registration office for many of these aliens are applying for passports that they may go to the country to get work on farms. Those given permission to go have to report monthly to a police magistrate, member of the R.N.W.M.P. or to a postmaster.

Officers of the intelligence department have scoured the country for aliens and it is believed the majority of them have been rounded up and either made to register or have been interned at Brandon.
